

BUSINESS - MARKETING

Program Outline

Major:	BMKT
Length:	2 Years
Delivery:	4 Semesters, plus 2 work terms
Credential:	Ontario College Diploma, Co-op
Effective:	2015-2016
Location:	Barrie
Start:	Fall (Barrie), Winter (Barrie)

Description

This co-op program introduces students to the various functional aspects of business in general, and marketing more specifically. Graduates are able to apply planning, assessment, analysis, communication, sales, teamwork, research, and design skills to support the marketing activities of an organization. Graduates are also able to participate in the design of an organization's marketing plan and development of a range of marketing strategies, tactics and materials, online and off.

Career Opportunities

Management trainee to division or general manager; area sales to sales management; entry level positions within advertising agencies and market research firms are just a few of the career routes travelled by Business - Marketing graduates. Employers include banks; finance, trust and insurance companies; computer firms; government ministries and agencies; producers of consumer and industrial products; wholesalers; retailers; companies and non-profit organizations.

Program Learning Outcomes

The graduate has reliably demonstrated the ability to:

- contribute to the development of an integrated marketing communication strategy for marketing products, concepts, goods or services based on an identified target market;

- contribute to the development of pricing strategies which take into account perceived value, competitive pressures, corporate objectives and cost analysis;
- contribute to the development of strategies for the efficient and effective distribution of products, concepts, goods and services;
- determine strategies for developing new and modified products, concepts, goods and services that respond to evolving market needs;
- analyze the results of marketing activities using criteria related to budgeted sales, costs, profits and other appropriate criteria;
- contribute to the development of a marketing plan including marketing objectives, marketing mix, marketing strategies, budgetary considerations, and evaluation criteria;
- develop strategies to establish effective working relationships with clients, customers, consumers, coworkers, supervisors and others;
- communicate marketing information persuasively and accurately in oral, written, and graphic formats;
- analyze the viability of marketing products, concepts, goods or services in an international market or markets;
- participate in conducting market research to provide information needed to make marketing decisions;
- develop personal professional development strategies and plans to enhance leadership, management skills, and marketing expertise;
- participate in the development of a business plan;
- apply the principles of business ethics and corporate social responsibility;
- use professional sales techniques to make a sale;
- adapt to and apply various and changing technologies, systems, and computer applications used in marketing environments;
- employ environmentally sustainable practices within the profession.

Practical Experience:

Co-operative Education is a mandatory component of all Co-op programs at Georgian College; it has been designed as a process by which students integrate their academic education with work experience related to their programs of study. This integration affects much more than simply earning a salary, including the adjustment to the work environment and the development of professionalism. It also reinforces skills and theory learned during academic semesters, develops professional contacts, job knowledge and career path, improves human relations and communication skills, and promotes personal maturity and financial independence.

Students are requested to register, attend and participate in their scheduled co-operative education classes. These classes are scheduled for all first year students and are expected to be completed in order for students to proceed successfully to their first co-op work experiences. To ensure students are eligible to proceed onto any co-op work experience, students should refer to Promotional Status and Eligibility for Co-op as outlined in the

College Calendar. Co-op policies and procedures can be located on our website:
www.georgiancollege.ca/student-services/co-op-and-career-services/students-tab/

Georgian College follows the Co-operative Education guidelines set out by the Canadian Association for Co-operative Education (CAFCE) and Education at Work Ontario (EWO) by supporting the learning outcomes designed for the program specific graduate profile and curriculum as set out by the Ministry of Training, Colleges and Universities.

The Program Progression:

Co-op Work Terms

COOP1008 Business Work Term 1
COOP2026 Business Marketing Work Term 2

Course Descriptions:

ACCT1000 Financial Accounting Principles 1 42.0 Hours

This course provides the student with knowledge of basic accounting procedures and theory. Students are taught the steps of the accounting cycle that result in useful information for decision makers. Also included are adjusting entries, the preparation of financial statements, merchandising activities, and accounting information systems.

ADVE2005 Pitching the Campaign 42.0 Hours

Students learn how to prepare for, and present, formally and informally, advertising campaigns. The emphasis is on campaign pitches and presentations, through effective

use of persuasive techniques. Students learn the art of "making the pitch", using current technology.

BUSI1001 Introduction to Organizational Behaviour 42.0 Hours

Organizational Behaviour is an introductory course which teaches social science theory as applied to the business world. It provides rich insights about working people in all kinds of organizations and also suggests how people may be motivated to work together more productively.

BUSI1002 Consumer Behaviour 42.0 Hours

Consumer Behaviour deals with people in the marketplace. This course looks at approaches social scientists have taken when studying the consumer and the application of their findings in a business or organizational context. Topics include areas related to affect, cognition, behaviour and the environment.

COMP1003 Microcomputer Applications 42.0 Hours

This course will introduce the student to database, spreadsheet, and presentation software. The student will be provided with a working knowledge of the most common business computer application software. This course will provide the student with hands-on learning and independent study.

COMP2093 Macintosh and Design Basics 42.0 Hours

This course introduces the principles of visual design as applied to layout (for print) combined with a basic introduction to the Macintosh platform, its operating system and industry standard graphics software. It will provide the students with an understanding of the elements that make design solutions successful with an interest in integrating components to generate visual communication pieces electronically.

COOP1008 Business Work Term 1 560.0 Hours

Co-operative Education is a mandatory component of this diploma at Georgian College and is a requirement for graduation. The student is required to attend and participate in scheduled Co-op classes (CPHR0001) prior to their first Co-op work term. Each student is responsible for obtaining a Co-op work term that is program related with an employer that has been approved by their Co-op Consultant. A debriefing session will be held upon return to school. The student must successfully complete the Co-op work term and submit all of the required documentation in order to receive the Co-op credit.

COOP2026 Business Marketing Work Term 2 560.0 Hours

Building on work term one, the student will acquire industry related experience and achieve learning outcomes specific to the Business - Marketing program while developing knowledge and skills relevant to their program of study. The first Co-op credit must be successfully completed prior to the second Co-op work term. A debriefing session will be held upon return to school. The student must successfully

complete the Co-op work term and submit all of the required documentation in order to receive the Co-op credit.

P- COOP1008 Business Work Term 1

ECON1000 Microeconomics 42.0 Hours

This course provides an introduction to the principles and methods of economic analysis. The course examines how households and firms make economic decisions. It also analyzes the efficiency of scarce resource allocation under a range of market structures.

ENTR1002 Introduction to Entrepreneurship 42.0 Hours

This course is designed to help students evaluate the business skills and commitment necessary to successfully operate an entrepreneurial venture and review the challenges and rewards of entrepreneurship. Students will learn about themselves, their decisions, and their goals to determine how entrepreneurship can play a role in their lives. Students will also be introduced to entrepreneurship from an economic perspective and the concepts of environmentally sustainable practices and social entrepreneurship.

MATH1002 Mathematics of Finance 42.0 Hours

This introductory course is designed to develop a student's ability to perform basic mathematic operations and to apply mathematical techniques to a wide range of business problems. The mathematics of compound interest and annuities forms a major component of the course.

MKTG1000 Introduction to Marketing 42.0 Hours

This is an overview course with primary focus on marketing products and services to the ultimate consumer. Emphasis is placed on the basic marketing premise that customer needs must be satisfied in order to achieve company objectives. The student gains insight into the complex and interdependent variables involved in developing successful marketing strategies. The strategic marketing planning process is introduced, along with the specific concepts and principles involved in the four key components of the marketing plan - Product, Price, Distribution, and Promotion Strategies.

MKTG1001 Planning the Marketing Strategy 42.0 Hours

This course involves the elements that a company controls and uses to put together as its Marketing Program. These four controllable elements are Product, Place, Price, and Promotion. Planning the Marketing Strategy provides an understanding of the growing interest in customer value. This interest is incorporated in designing a successful marketing plan in a consumer-oriented society.

P- MKTG1000 Introduction to Marketing or P- MAR9101 Introduction To Marketing or P- MKTG1004 Marketing Foundations or P- MAR9103 Marketing Foundations or P- MKTG1009 Marketing 1 (ODE)

MKTG1003 Personal Selling 42.0 Hours

This course covers the basic concepts and practices of relationship selling. The focus is on a "how to" approach, which stresses learning by doing through examples, exercises and role-playing of selling situations. The skills developed in this course are applicable in all aspects of life - course work, job search, career sales, and idea presentation.

MKTG1015 Marketing Communications 42.0 Hours

This course explores the concepts of integration across all promotional platforms, online and off, and teaches students the necessary skills to develop a cohesive, impactful marketing communications plan. Primary focus areas include the planning process, target audience identification, development of the creative message, and effective media selection. Course includes in-service component.

MKTG2003 Marketing Research 42.0 Hours

Marketing Research is concerned, primarily, with the systematic gathering and analysis of primary and secondary information to significantly reduce uncertainty in major marketing problem areas. Exposure to problem definition, sampling, collecting, and interpreting data is experienced through discussion, case analysis, and group projects.

P- MKTG1004 Marketing Foundations or P- MAR9103 Marketing Foundations or P- MKTG1000 Introduction to Marketing or P- MAR9101 Introduction To Marketing

MKTG2012 Marketing Management 42.0 Hours

Planning alternative marketing strategies is crucial to successfully managing a business enterprise. Students have the opportunity to learn marketing management techniques currently being used in the business environment which enables students to make better marketing management decisions.

P- MKTG2000 Writing the Marketing Plan

MKTG2032 Marketing on the Web 42.0 Hours

The intent of this course is the development and implementation of digital marketing strategies for products and services in business-to-business and business to consumer environments. Students will focus on strategic and creative marketing principles, such as design, content, search and measurement to build a strong online presence for an organization. A variety of digital marketing tools will be explored in conjunction with web site development.

P- MKTG1000 Introduction to Marketing or P- MKTG1004 Marketing Foundations

MKTG2033 Professional Edge 42.0 Hours

This course challenges students to develop their "personal brand" using strategic brand development techniques. The variety of available media such as resumes, personal websites and social media are explored, as well as career planning and professional development opportunities. Students learn proven techniques from leading brands and apply them to the creation of their own unique, differentiated brand in the workplace.

Course Description Legend

P = Prerequisite; C = Concurrent prerequisite; CO= Corequisite
