No formal requirements.

Graduation Requirements:

6 Mandatory Courses

6 Mandatory Courses

Mandatory Courses

BUSN0201 Project Closing and Continuous Improvement

BUSN0202 Applied Project Management Integration and Evaluation

BUSN0203 Project Leadership

BUSN0204 Project Execution and Control

BUSN0205 Project Planning, Scheduling and Budgeting

BUSN0206 Project Initiation and Charter Development

Course Descriptions:

BUSN0201 Project Closing and Continuous Improvement 9.0 Hours

Learn to continuously improve project management, achieve successful project sign-off and how to implement a project management office. Use project closing tools and techniques to learn lessons, complete administrative and financial closure, and gain final acceptance from sponsors.

BUSN0202 Applied Project Management Integration and Evaluation 8.0 Hours
Apply the various concepts, skills, and experiences from all of the previous courses to a comprehensive, integrated project. This is the final course in the program and includes the final exam.

BUSN0203 Project Leadership 18.0 Hours
Develop essential leadership, team development, negotiating, problem solving, conflict resolution, and communication skills to manage project teams. Explore fundamental concepts of influence, motivation, interests, team dynamics and communication associated with project management.

BUSN0204 Project Execution and Control 27.0 Hours
Learn to implement and control project performance to achieve project success efficiently and effectively. Apply practical techniques to track and manage project performance, including change control, MS Project tracking, project recovery techniques, Earned Value Management, quality management, procurement management and contract management.

BUSN0205 Project Planning, Scheduling and Budgeting 45.0 Hours
Develop functional project planning skills through creating a full project plan. Explore scope definition, work breakdown, resource estimation, critical path definition, scheduling budgeting, proactive risk planning, and integration of the entire project plan through demonstration and practice using Microsoft Project and other planning tools.

BUSN0206 Project Initiation and Charter Development 9.0 Hours
Learn the fundamentals of projects in organizations, project selection methods, and how to start a project correctly. Identify stakeholders and determine their interests, impacts and expectations. Get practical experience defining the needs for projects and develop a functional project charter at the right level of detail for your situation.
