

CABINETMAKING TECHNIQUES

Program: CABT

Credential: Ontario College Certificate

Delivery: Full-time Length: 3 Semesters Duration: 1 Year Effective: Fall 2018 Location: Barrie

Description

This program gives students many project opportunities that develop the foundational knowledge and skills for the cabinetmaking industry. Many hands-on opportunities ensure that graduates are competent in all aspects of the industrial cabinetmaking/woodworking field, from the planning stages to the application of final finishes on various products.

Career Opportunities

Our graduates enjoy success as employees in custom or production furniture building, millwork, kitchen cabinet making, furniture finishing and residential trim. Potential career opportunities include cabinetmaker, shop supervisor, machine set up technician, or self-employment.

A graduate may wish to discuss the possibility of eligibility for apprenticeship credits into the Cabinetmaking apprenticeship program with the Ministry of Training Colleges and Universities.

Program Learning Outcomes

The graduate has reliably demonstrated the ability to:

- 1. perform cabinetmaking activities safely to industry standards;
- determine joinery requirements for various types of cabinetmaking construction including sketches and shop drawings of common furniture and cabinet units;
- 3. interpret drawings for production planning and estimating;
- 4. select, maintain and operate hand tools, portable power tools and stationary machinery;
- 5. select various grades of lumber and building materials;
- 6. perform sanding and adhesive operations to industry standards;
- 7. select and apply finishes and hardware used in manufacturing of furniture, cabinets and millwork;
- produce cabinets and other architectural specialties including millwork and mouldings to be installed in residential and commercial applications;
- 9. apply mathematical solutions for cabinetmaking applications;
- apply basic entrepreneurial strategies to identify and respond to new opportunities;
- 11. employ environmentally sustainable practices within the profession.
