

# Cybersecurity (CYBE) Ontario College Graduate Certificate

## PART-TIME

### Frequently Asked Questions

#### **Do I need to apply?**

Part-time students must apply to this program through [ontariocolleges.ca](http://ontariocolleges.ca)  
Use the code CYBX.

#### **When can I start the program?**

Intakes: September, January, May

#### **How many courses do I take?**

Full program details can be viewed on the [Program Outline](#).

#### Graduation requirements

12 Program Courses

1 Co-op Work Term

#### Additional Information

To be successful in this program, you are required to have a personal notebook computer prior to the start of the program that meets or exceeds the following hardware specifications:

Intel i5 processor or AMD equivalent

16GB of memory

500GB hard drive (SSD recommended)

Additional operating systems, security tools, and software used in the program will be provided to the student upon commencement of the program.

Please review the Program Outline above to ensure you will meet the requirements of the program.

## What are the varying forms of delivery? Can I take this program online? YES!

Courses in this program are delivered through GC Flex.

### What is GC Flex?

A GC Flex course means faculty deliver lectures and labs in the classroom and simultaneously online.

This means the course has a day and a time so that students can come in person, they can watch the lecture live virtually during the class time OR they can take the course asynchronously.

All students are in the same section. You just study the way that works best for you.

[View the GC Flex ebook](#)

Students wanting to study online asynchronously – PLEASE NOTE – because these courses are delivered in 3 different methods, the course you register into will show a day and time – if you choose to study asynchronously, you are not required to attend live classes, either virtually or on-campus but you MAY be required to be online at certain times to attend live group work or presentations or for tests/exams.

- [Frequently asked questions](#)
- [Contact us](#)

The Delivery Schedule shows the order in which part-time students should take courses. This was set by the program coordinator and is highly recommended you follow the path to ensure you have courses to take each semester. If you have questions about which courses to take, connect with the program coordinator listed on the Delivery Schedule.

### How long will it take to complete the certificate?

This varies depending on how many courses you take each semester. Total courses: 12 plus co-op

3 courses per semester: finish in 5 semesters (just under 2 years)

Example: Fall – Winter – Summer – Fall – Winter

2 courses per semester: finish in 7 semesters or 2.5 years

Example: Fall – Winter – Summer – Fall -Winter – Summer – Fall

### What is the cost of the program?

There is no program fee when studying part-time. As a part-time student, you can take 1, 2 or 3 courses at a time in any given semester.

Payment is per course, as you register.

The course fees change year-to-year and course to course. The best source for accurate fees is to check the website: [Cybersecurity](#)

## Application Security

NETS 1038

### Course description

Students gain the knowledge and skills to defend against multiple types of application attacks. The Open Web Application Security Project (OWASP) Top Ten is introduced to increase understanding of some of the most popular vulnerabilities and how to defend against them. Students learn how to test applications for vulnerabilities and misconfigurations. Manual and automated tools are used to map, discover, exploit, and secure web applications on both the client and server sides.

### Credits

3

### Course Hours

42

Students registering for credit courses for the first time must declare a program at the point of registration. Declaring a program does not necessarily mean students must complete a program, individual courses may be taken for skill improvement and upgrading.

For more information, please [contact Continuing Education](#)

### Available Courses

Unless stated, the course fee does NOT include the textbook(s). Not all courses have required textbooks. See [registration dates](#) for courses that are not yet open.

#### Application Security - NETS 1038 Tuesday, Sept. 5, 2023

APPLICATION SECURITY - NETS 1038

Fee: \$576.24

Course registration number: 12474

Start: Tuesday, Sept. 5, 2023

End: Friday, Dec. 15, 2023

#### Class times

Days	Times	Building - Room
Friday	1:00 to 3:50 p.m.	K - 320

**NOTE:** This course is delivered online and in person. [Learn more about GC Flex.](#)

Campus: Barrie

FULL

This course is 42 hours and has a fee of \$576.24

There is a day, time and room for students who wish to attend in person or online.

Note that there is a mention of GC Flex – that means this course is delivered via GC Flex and you have a choice to attend asynchronously.

**NOTE: Course sections and fees for this program show during the Part-time Credit registration (add/drop) period only.**

This date can be found on our website: [IMPORTANT DATES](#)

### Are part-time students eligible for OSAP?

Part-time students MAY be eligible – this is individual and based usually on number of courses you take per semester. For more information, visit our [Financial Aid](#) page.
