

GEORGIAN COLLEGE HEALTH AND WELLNESS CLINIC CLOSURE POLICY

RE: INCLEMENT WEATHER

When the Barrie Campus closes due to inclement weather, all Georgian College Health and Wellness Clinics will also be closed. This includes:

- Massage Therapy Clinic
 - Oral Health Clinic
 - Spa and Esthetics Clinic
 - Georgian College Optical
 - Acupuncture and Traditional Chinese Medicine (TCM) Clinics
 - Harmonize for Speech, Hearing and Language Clinic
-
- All closure information is made available on local radio stations and on our college website – www.georgiancollege.ca.
 - The main college phone number 705.728.1968 will also state the closure.
 - Clinic staff do not have access to client data from home and will not be able to personally contact clients to notify them of the closure.
 - For mid-day closures, clinic staff will do their best to contact clients prior to the closure to notify them. To assist with this process, it is critical that client contact information is always up to date and checked at every visit.
 - Once the college reopens, clients will be contacted by clinic staff and/or students to re-schedule their appointments. Clients are also welcome to call the clinic themselves to initiate this.
