Management's Responsibility for Financial Reporting

The consolidated financial statements of the Georgian College of Applied Arts and Technology (the "College") are the responsibility of management and have been approved by the Board of Governors.

The consolidated financial statements have been prepared by management in accordance with Canadian public sector accounting standards for government not-for-profit organizations, including the 4200 series of standards, as issued by the Public Sector Accounting Board (PSAB). When alternative accounting methods exist, management has chosen those it deems most appropriate in the circumstances. Financial statements are not precise since they include certain amounts based on estimates and judgements. Management has determined such amounts on a reasonable basis in order to ensure that the financial statements are presented fairly, in all material respects.

The College maintains systems of internal accounting and administrative controls of high quality, consistent with reasonable cost. Such systems are designed to provide reasonable assurance that the financial information is relevant, reliable and accurate and that the College's assets are appropriately accounted for and adequately safeguarded.

The Finance and Audit Committee is appointed by the Board of Governors and meets regularly with management, as well as the external auditors, to review matters relating to financial sustainability, controllership and auditing matters as well as financial reporting. The Committee vets matters of significance with regards to the budget, financial statements and the external auditor's report to ensure the Board is able to properly discharge its responsibilities.

The Board of Governors is responsible for ensuring that management fulfills its responsibilities for financial reporting and is ultimately responsible for reviewing and approving the financial statements. The Board carries out this responsibility principally through its Finance and Audit Committee.

The financial statements have been audited by BDO Canada LLP, the external auditors in accordance with Canadian generally accepted auditing standards, on behalf of the Board, BDO Canada LLP has full and free access.

Independent Auditor's Report

To the Board of Governors of The Georgian College of Applied Arts and Technology

Opinion

We have audited the consolidated financial statements of The Georgian College of Applied Arts and Technology (the "College"), which comprise the consolidated statement of financial position as at March 31, 2023, and the consolidated statements of operations, consolidated statement changes in net assets, consolidated statement of cash flows and consolidated statement of remeasurement gains and losses for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the College as at March 31, 2023, and its consolidated results of its operations, and its consolidated cash flows, and its consolidated remeasurement gains and losses for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the College in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the College's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the College or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the College's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

Independent Auditor's Report (continued)

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements (continued)

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the College's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the College to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the College to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

GENERAL

The Georgian College of Applied Arts and Technology (the "College") was established under the Ministry of Colleges and Universities Act as a corporation in 1967. Excellence in teaching and learning is at the heart of its mission. Georgian helps students achieve their career and life goals by delivering academic excellence in a uniquely nurturing environment.

The College is a registered charity and therefore is, under Section 149 of the Income Tax Act, exempt from payment of income tax.

1. SIGNIFICANT ACCOUNTING POLICIES

The Consolidated Financial Statements of the College have been prepared by management in accordance with Canadian public sector accounting standards for government not-for-profit organizations, including the 4200 series of standards, as issued by the Public Sector Accounting Board ("PSAB for Government NPOs"). The most significant of which are as follows:

(A) CASH AND CASH EQUIVALENTS

Cash and cash equivalents include cash on hand, balances with banks and short-term deposits with original maturities of three months or less. Bank borrowings are considered to be financing activities.

(B) REVENUES

The College follows the deferral method of accounting for contributions which include donations and government grants.

- i) Grants received for operations from the Ministry of Colleges and Universities Ontario (MCU) and other governmental agencies are recorded as revenue in the year to which they relate. Grants approved but not received at the end of the fiscal year are accrued. Where a portion of a grant relates to a future year, it is deferred and recognized in the subsequent year.
- ii) Capital grants and contributions restricted for the purchase of capital assets are deferred when the monies are received, and subsequently amortized to revenue on a straight-line basis over the useful life of the related capital asset.
- iii) Tuition fees are recorded in the accounts based on the academic period of the specific courses. Tuition fees are deferred to the extent that the courses extend beyond the fiscal year of the College.

1. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

iv) Externally restricted contributions other than endowment contributions are recognized as revenue in the year in which the related expenses are incurred. Unrestricted contributions are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured. Endowment contributions are recognized as direct increases in endowment net assets.

Restricted investment income is recognized as revenue in the year in which the related expenses are recognized. Unrestricted investment income is recognized as revenue when earned.

v) Other operating revenues are deferred to the extent that related services provided, or goods sold are rendered/delivered subsequent to the end of the College's fiscal year.

(C) VALUATION OF INVENTORIES

Inventory consists of textbooks, stationery, giftware, computer hardware and software, food and liquor, metals, printed stationery and materials for maintenance. Inventories are valued at the lower of cost, determined on the first-in first-out basis and net realizable value. The cost includes all acquisition costs incurred in bringing inventory to its present location and condition. Net realizable value is the estimated selling price in the ordinary course of business less any applicable expenses.

(D) CAPITAL ASSETS

Purchased assets are stated at cost. Donated assets are recorded at their fair market value at the date of donation.

When a capital asset no longer contributes to the College's ability to provide services or the value of future economic benefits associated with the capital asset is less than its net book value, the carrying value of the capital asset is reduced to reflect the decline in the asset's value.

1. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Capital assets are amortized on a straight-line basis using the following estimate of useful lives:

ASSET	USEFUL LIFE
Land	n/a
Land Improvements	25 years
Buildings	40 years
Building Renovations & Enhancements	15 years
Portables	10 years
Site improvements	10 years
Leasehold improvements	1st term of the lease
Furniture and fixtures	5 years
Equipment and vehicles	5 years
Computers – Networking Equipment	5 years
Computers – Servers & Storage	4 years
Computers – AV Equipment	3 years
Major equipment & Enterprise Software	10 years
Non Enterprise Software	5 years
Leased equipment	Term of lease

Construction in progress is not recorded as a capital asset, or amortized until construction is complete and the asset is put into use.

(E) RETIREMENT AND POST-EMPLOYMENT BENEFITS AND COMPENSATED ABSENCES

The College provides defined retirement and post-employment benefits and compensated absences to certain employee groups. These benefits include pension, health and dental, vesting sick leave, and non-vesting sick leave. The College has adopted the following policies with respect to accounting for these employee benefits:

(i) The costs of post-employment future benefits are actuarially determined using management's best estimate of health care costs, disability recovery rates and discount rates. Adjustments to these costs arising from changes in estimates and experience gains and losses are amortized to income over the estimated average remaining service life of the employee groups on a straight line basis. Any calculations relating to any contractual arrangements outside of the above noted circumstances have been determined by management using the same assumptions as the actuary.

1. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

- (ii) The costs of the multi-employer defined benefit pension are the employer's contributions due to the plan in the period.
- (iii) The cost of vesting and non-vesting sick leave benefits are actuarially determined using management's best estimate of salary escalation, employees' use of entitlement and discount rates. Adjustments to these costs arising from changes in actuarial assumption and/or experience are recognized over the estimated average remaining service life of the employees.
- (iv) Compensated absences are determined by management.
- (v) The costs of Workplace Safety and Insurance (WSIB) obligation are actuarially determined and the cost is recognized immediately in the period the event giving rise to the obligation occurs.
- (vi) The discount used in the determination of the above-mentioned liabilities is equal to the College's internal rate of borrowing.

(F) RELATED ORGANIZATIONS

IRDI Technologies Inc. is a wholly-owned subsidiary of the College. It was acquired by the College effective April 1, 2004.

The Georgian College Foundation is a non-profit corporation without share capital incorporated by letters patent under The Corporations Act (Ontario) on July 25, 1991. Prior to April 1, 2007 it was responsible for the long-term fundraising for The Georgian College of Applied Arts and Technology. Effective April 1, 2007, the College assumed the ongoing and future fundraising and philanthropic activities of the Foundation. The College assumed all of the Foundation's existing and future property and assets both realized and unrealized, in whole or in part. With this change the management of the Board of the Georgian College Foundation now falls under the control of the Board of Governors of the College.

These consolidated financial statements include the assets, liabilities, and results of operations of IRDI Technologies Inc. and The Georgian College Foundation with those of the College. All inter-company balances have been eliminated upon consolidation.

1. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

(G) COST ALLOCATIONS

The expenditures are reported, as required, by the Ministry of Colleges and Universities "College Financial Information System" (CFIS), as per revised guidelines issued May 14, 1998. As well, the College has followed the cost allocation plan approved by the Committee of Finance Officers and the Committee of Presidents of the Colleges of Applied Arts and Technology and endorsed by the Ministry of Colleges and Universities.

Accordingly, direct costs are charged to programs and courses on an actual basis wherever possible and elsewhere allocated on the basis of full-time equivalent students.

(H) MANAGEMENT ESTIMATES

The preparation of these consolidated financial statements in accordance with PSAB for Government NPOs requires College management to make estimates, and assumptions that affect the reported amounts of revenue and expenditure, assets and liabilities, and the disclosure of contingent assets and contingent liabilities at the date of the financial statements. Significant account estimates include allowance for doubtful accounts, useful life of capital assets, asset retirement obligations, asset impairments, actuarial estimation of post-employment benefits and compensated absences liabilities, fair value of interest rate swap, payroll accrual and vacation pay. Actual results could differ from these estimates.

(I) GIFTS IN KIND

Contributed materials and services are recorded in the accounts at fair market value when such a value can reasonably be estimated. During the fiscal year, \$125,000 (2022 - \$nil) of gifts in kind were received. The College has built up a permanent study collection of Canadian and International art whereby the value of these pieces has not been included in the books of the College.

(J) FINANCIAL INSTRUMENTS

The College classifies its financial instruments as either fair value or amortized cost. The College's accounting policy for each category is as follows:

FAIR VALUE

This category includes derivatives and equity instruments quoted in an active market. The College has designated its bond portfolio that would otherwise be classified into the amortized cost category at fair value as the College manages and reports performance of it on a fair value basis.

1. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

They are initially recognized at cost and subsequently carried at fair value. Unrealized changes in the fair value are recognized in the consolidated statement of remeasurement gains and losses until they are realized. Once realized, they are transferred to the consolidated statement of operations, except for those gains and losses of a financial asset in the fair value category that is externally restricted. These gains and losses are recorded as deferred contributions until used for the purpose specified.

Transaction costs related to financial instruments in the fair value category are expensed as incurred.

Where a decline in fair value is determined to be other than temporary, the amount of the loss is removed from accumulated remeasurement gains and losses and recognized in the consolidated statement of operations. On sale, the amount held in accumulated remeasurement gains and losses associated with that instrument is removed from consolidated net assets and recognized in the consolidated statement of operations.

AMORTIZED COST

This category includes accounts and grants receivable, notes receivable from the student associations and the alumni association, accounts and grants payable and accrued liabilities, vacation pay payable, grants payable, due to student associations, and long term debt payable. They are initially recognized at fair value and subsequently carried at amortized cost using the effective interest rate method, less any impairment losses on financial assets.

Transaction costs related to financial instruments in the amortized cost category are added to the carrying value of the instrument.

Write-downs on financial assets in the amortized cost category are recognized when the amount of a loss is known with sufficient precision, and there is no realistic prospect of recovery. Financial assets are then written down to net recoverable value with the write-down being recognized in the consolidated statement of operations.

1. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

(K) ASSET RETIREMENT OBLIGATIONS

A liability for an asset retirement obligation is recognized when there is a legal obligation to incur retirement costs in relation to a tangible capital asset; the past transaction or event giving rise to the liability has occurred; it is expected that future economic benefits will be given up; and a reasonable estimate of the amount can be made. The liability is recorded at an amount that is the best estimate of the expenditure required to retire a tangible capital asset at the financial statement date. This liability is subsequently reviewed at each financial reporting date and adjusted for the passage of time and for any revisions to the timing, amount required to settle the obligation or the discount rate. Upon the initial measurement of an asset retirement obligation, a corresponding asset retirement cost is added to the carrying value of the related tangible capital asset if it is still in productive use. This cost is amortized over the useful life of the tangible capital asset. If the related tangible capital asset is unrecognized or no longer in productive use, the asset retirement costs are expensed.

2. ACCOUNTS AND GRANTS RECEIVABLE

4. NOTES AND PLEDGES RECEIVABLE

The Student Association in Barrie has committed to contribute the construction cost of the Student Centre completed in 1997/98 and an expansion to the athletic facilities, within the Student Centre, completed in September 2003. The Student Association made annual minimum payments of \$550,000, until the balance, including accrued interest was paid in full. The full payment was received on June 30, 2022, and therefore, no balance owing from the Student Association in Barrie. The College has arranged financing to support this note receivable which is charged the same rate of interest as that paid by the College to the lending institution. (See Note 15).

Notes Receivable	2023
Balance, beginning of year	\$995,362
Payments received Interest charged	(1,059,073) 63,711
Balance, end of year	\$

Pledges receivable includes pledges from organizations for major capital projects. They are recognized if the amount to be received is reasonably estimated and the ultimate collection is reasonably assured. The current portion of the pledges receivable at March 31, 2023 is \$nil (2022 - \$1,300,000), with the non-current portion being \$0 (2022 - \$1,300,000)

5. FINANCIAL INSTRUMENT CLASSIFICATION

The following table provides cost and fair value information of financial instruments by category. The maximum exposure to credit risk would be the carrying value as shown below.

The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped in Levels 1 to 3 based on the degree to which the fair value is observable:

- Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities using the last bid price;
- Level 2 fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset of liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3 fair value measurements are based on inputs that are based on unobservable market data.

There were transfers of \$110,000,000 between Level 1 and Level 2 for the years ended March 31, 2023 and (2022 – nil). There are no Level 3 financial instruments in 2023 or 2022 and no transfers in or out of Level 3 in either year. For a sensitivity analysis of financial instruments recognized in Level 2, see Note 25 – Interest rate risk, as the prevailing interest rate is the most significant input in the fair value of the instrument.

Included in current short-term investments are two Guaranteed Investment Certificates of \$50 million each. These 2 investments mature in August, 2023 (interest rate of 4.80%) and January 2024 (interest rate of 5.40%).

6. INVESTMENTS

Long-term investments in the amount of \$16,767,733 (2022 - \$14,977,583) are restricted for Endowment purposes and are not available for general operations. Guaranteed investment certificates of \$10,000,000 are for general operating purposes. Investments are comprised of the following:

	Fair Market	t Value	Cost	
Guaranteed Investment Certificate	\$	10,000,000	\$	10,000,000
Fixed Income (Bonds)		7,334,326		8,110,631

		\$26,767,733		\$26,824,282

The total of restricted cash and investments is \$26,356,532 (2022 - \$24,899,254) representing the endowment funds and deferred contributions.

7. CONSTRUCTION IN PROGRESS

Costs related to certain capital projects where the projects are not complete and therefore the assets have not begun their useful life, are recorded as construction in progress. The construction in progress costs will be amortized as capital assets in the year when the assets are put in use or expensed in the year when the projects are cancelled. Current projects are in progress in 2022/23 and their expected completion dates are as follows.

Project	Expected Completion	2023	2022
Various Major Equipment Projects	Fall 2023	\$1,592,365	\$3,531,064
Various Campus Renovations Various Campus	Fall 2023/24	776,649	2,721,311

Amortization expense for the year is \$14,619,710 (2022 - \$14,363,151).

9. SERVICE CONCESSION ASSET AND DEFERRED REVENUE

The College has alternative financing arrangements with Campus Living Centres (the "Partner") for the construction and operation of student residence buildings on its Owen Sound and Orillia campuses. Under the terms of these agreements, the Partner is responsible for constructing, maintaining and operating the student residences in exchange for the right to collect student residence fees over the period of 99 years. At the end of the period, the legal title of the buildings will transfer to the College. The College has recorded these buildings as Service Concession Assets which are being amortized to their estimated residual values over their useful lives, which is the 99 year service concession period. The related deferred revenue, which is also being amortized over the service concession period of 99 years, represents the College granting the Partner the right to provide residence services to students of the College and receive rental fees in exchange for the Partner's capital investment.

At year-end, these buildings have a net book value of \$16,832,475 (2022- \$16,921,869).

Included in other revenue is \$178,788 (2022 - \$178,788) representing the amortization of the service concession deferred revenue and included in other expenses is \$89,394 (2022 - \$89,394) representing the amortization of the service concession assets.

10. BANK INDEBTEDNESS

The College has arranged for an unsecured five million dollar revolving demand facility to finance general operating requirements. The interest rate is a sliding scale of Bank of Montreal Prime minus 1.35%-1.75%. The College had not drawn any funds at March 31, 2023. The College has no letters of credit outstanding as of March 31, 2023.

13. DUE TO STUDENT ASSOCIATIONS

The monies owed to the student associations are unsecured and non-interest bearing and are payable on demand.

14. LEASE LIABILITIES AND COMMITMENTS

The College has entered into various agreements to lease equipment up to five (5) years. The capital leases for computer equipment have built-in options, whereby the College is able to purchase the equipment at the end of the lease, or to return the equipment to the lessor. The operating leases are financial obligations entered into by the College for the rental of equipment, building maintenance, and security. The anticipated annual payments for the next five (5) fiscal years, under current lease arrangements, are as follows:

	Operating Leases
2023/24	\$1,139,897
2024/25	759,689
2025/26	363,584

15. LONG-TERM DEBT PAYABLE AND FINANCIAL INSTRUMENTS

(A) LONG TERM DEBT

The College has entered into the following long-term debt agreements.

	2023	2022
Related to Capital Assets Acquisition:		
Residence loan being an Agreement for a series of three month Bankers Acceptances to be issued by the College at BA rate plus 0.300% having no security. The Bankers Acceptances will be	\$7,556,000	\$8,956,000
issued in declining amounts for principal and interest amounts such that the obligation will be paid by September 2027.		
	\$7,556,000	\$8,956,000
Not Related to Capital Assets Acquisition:		
Financing Note Receivable from Student Association (See Note 4)	1,776,000	2,028,000
Non-revolving term facility through Bankers Acceptances to be issued by the College at BA rate plus 0.300% having no security.

	\$7,586,000	\$9,332,000

15. LONG-TERM DEBT PAYABLE AND FINANCIAL INSTRUMENTS (cont'd)

Future principal payments of total long-term debt over the next 5 years and thereafter are as follows:

	Total
2023/24	1,746,000
2024/25	1,846,000
2025/26	1,953,000
2026/27	2,067,000
2027/28	1,204,000
2028/2029 and thereafter	516,000
Total	\$9,332,000

(B) INTEREST RATE SWAPS

The College has entered into interest rate swap agreements to manage the volatility of interest rates. The residence financing has a notional value of \$23,250,000 with a fixed interest rate of 6.315%, and the notional value of the residence financing of \$6,000,000 (portion of the Financing of the Notes Receivable from the Student Association) has been converted to a fixed rate of 4.730% by entering into the interest rate swaps. Interest expense in respect of the residence financing for 2023 is \$551,226 (2022 - \$641,180) and in respect of the financing on the notes receivable for 2023 is \$99,652 (2022 - \$113,611). The maturity dates of the interest rate swaps are 2027 for the residence financing, and 2029 for financing of the Notes Receivable from the Student Association.

The fair value of the interest rate swap agreements is based on amounts quoted by the College's bank to realize favourable contracts or settle unfavourable contracts. The fair value of the interest rate swaps was in a net unfavorable position, representing a liability of \$498,977 (2022 - \$1,079,126) recorded in the consolidated statement of financial position with the fluctuations being recorded in the consolidated statement of remeasurement gains and losses.

Future principal payments for the interest rate swaps over the next 5 years and thereafter are as follows:

	Total
2023/24	1,746,000
2024/25	1,846,000
2025/26	1,953,000
2026/27	2,067,000
2027/28	1,204,000
2028/29 and thereafter	516,000
Total	\$9,332,000

16. DEFERRED CAPITAL CONTRIBUTIONS

Deferred capital contributions represent the unamortized amount of donations and grants received for the purchase of capital assets. Changes in the deferred capital contributions balance are as follows:

	2023	2022
Balance, beginning of year	\$118,275,786	\$120,520,414
Contributions received for capital assets

17. DEFERRED CONTRIBUTIONS

These represent unspent externally restricted funds not available for regular College operations. They include donations, scholarships and bursaries, unspent endowment investment income, student emergency loan funds, employment stability funds and funds held on behalf of third parties. Effective April 1, 2007, Georgian College assumed the ongoing and future philanthropic activities of The Georgian College Foundation. Assets of the Foundation were transferred to the College, and due to the external restrictions of these funds, they are shown within Deferred Restricted Contributions.

18. ASSET RETIREMENT OBLIGATIONS

The College's financial statements include an asset retirement obligation for the removal of asbestos from its buildings on the Barrie, Orillia and Owen Sound Campuses. The related asset retirement costs are being amortized on a straight line basis. The liability has been estimated using a net present value technique with discount rates between 2.92%-3.36% (2022 – 2.92%-3.36%) depending on the remaining useful life of the individual building. The estimated total undiscounted future expenditures are \$5,381,034 which are to be incurred over the remaining useful life of the assets of up to 20 years at which time the liability is expected to be settled.

The carrying amount of the liability is as follows:

Asset Retirement Obligation	2023
Balance, beginning of the year	\$3,096,049
Increase due to accretion expense	102,990
Balance, end of the year	3,199,039
Less Current portion	(106,417)
	\$3,092,622

19. INVESTMENT IN CAPITAL ASSETS

In addition to capital grants, the College invests surplus operating funds in capital assets. This investment in capital assets is as follows:

	2023	2022
Net book value of capital assets (Note 8)	\$158,142,948	\$151,542,243
Net book value of service concession assets (Note 9)	16,832,475	16,921,869

Previous amounts exclude pension contributions in the Colleges of Applied Arts and Technology pension plan, a multi-employer plan, described below.

(A) RETIREMENT BENEFITS

CAAT Pension Plan

All full-time employees of the College, and any part-time employees who opt to participate, are members of the Colleges of Applied Arts and Technology Pension Plan (the "Plan"), a multi-employer jointly-sponsored defined benefit plan for public colleges in Ontario and other employers. The College makes contributions to the Plan equal to those of employees. Contribution rates are set by the Plan's governors to ensure the long-term viability of the Plan. Since the Plan is a multi-employer plan, the College's contributions are accounted for as if the plan were a defined contribution plan with the College's contributions being expensed in the period they come due.

20. POST-EMPLOYMENT BENEFITS AND COMPENSATED ABSENCES LIABILITY (cont'd)

Any pension surplus or deficit is a joint responsibility of the members and employers and may affect future contribution rates related to full-time members. The College does not recognize any share of the Plan's pension surplus or deficit as insufficient information is available to identify the College's share of the underlying pension assets and liabilities. The most recent actuarial valuation filed with pension regulators as at January 1,2023 the Plan grew its funding reserve to \$4.7 billion, and stands 124% funded on a going-concern basis. This means the Plan has \$1.24 set aside for the value of every dollar of pension benefit promised today and in the future. In addition, with CAAT's recent outperformance, the Plan has built an additional \$2.0 billion in asset volatility reserves. The College made contributions to the Plan and its associated retirement compensation arrangement of \$12,666,006 (2022 - \$11,221,006), which has been included in the consolidated statement of operations.

(B) POST-EMPLOYMENT BENEFITS

The College extends post-employment life insurance, health and dental benefits to certain employee groups subsequent to their retirement. The College recognizes these benefits as they are earned during the employees tenure of service. The related benefit liability was determined by an actuarial valuation study commissioned by the College Employer Council.

The major actuarial assumptions employed for the valuations are as follows:

a) Discount Rate

The present value as at March 31, 2023 of the future benefits was determined using a discount rate of 3.4% (2022 - 2.9%).

b) Medical premiums

Medical premium increases were assumed to increase at 6.2% per annum in 2023 (2022 -6.3%) and decrease proportionately thereafter to an ultimate rate of 4.0% in 2023 (2022 -4.0%).

c) Dental costs

Dental costs were assumed to increase at 4.0% per annum in 2023 (2022 - 4.0%).

20. POST-EMPLOYMENT BENEFITS AND COMPENSATED ABSENCES LIABILITY (cont'd)

(C) Compensated Absences

Vesting Sick Leave

The College has provided for vesting sick leave benefits during the year. Eligible employees, after 10 years of service are entitled to receive 50% of their accumulated sick leave credit on termination or retirement to a maximum of 6 months' salary. The program to accumulate sick leave credits ceased for employees hired after March 31, 1991. The related benefit liability was determined by an actuarial valuation study commissioned by the College Employer Council.

Non-Vesting Sick Leave

The College allocates to certain employee groups a specified number of days each year for use as paid absences in the event of illness or injury. These days do not vest and are available immediately. Employees are permitted to accumulate their unused allocation each year, up to the allowable maximum provided in the employment agreements. Accumulated days may be used in future years to the extent that the employees' illness or injury exceeds the current year's allocation of days. Sick days are paid out at the salary in effect at the time of usage. The related benefit liability was determined by an actuarial valuation study commissioned by the College Employer Council.

The assumptions used in the valuation of vesting and non-vesting sick leave are the College's best estimates of expected rates of:

	2023	2022
Wage and salary escalation	1%	1.0%-1.25%
Discount rate	3.4%	2.9%

The probability that employees will use more sick days than the annual accrual and the excess number of sick days used are within ranges of 0% to 26.2% and 0 to 51.0 days respectively for age groups ranging from 0 and under to 65 and over in bands of 5 years.

Compensated Absences

The College allocates to eligible employee groups a maximum of 130 days to be used as paid absences in the event of short-term disability. In addition, the College also allocates to eligible employees a sub-payment for short-term disability, maternity and parental leave.

20. POST-EMPLOYMENT BENEFITS AND COMPENSATED ABSENCES LIABILITY (cont'd)

(D) Workplace Safety and Insurance Board

The College is a Schedule 2 employer under the Workplace Safety and Insurance Act and, as such assumes responsibility for financing its workplace safety insurance costs. The accrued benefit liability represents the actuarial valuation of claims to be insured based on the history of claims with College employees. A workers' compensation reserve is established to help reduce the future impact of these obligations. As at March 31, 2023, the balance in the workers' compensation liability is \$216,400.

21. INTERNALLY RESTRICTED FUNDS

The College restricts amounts from the net asset balance, as approved by the Board of Governors. Internally restricted net assets consists of the following:

	2023	2022
Future Deferred Maintenance	\$2,000,000	\$2,000,000
Digitization Strategy	3,566,000	9,400,000

Future Operating Contingency	1,200,000	
Total	\$22,890,000	\$18,007,000

22. ENDOWMENT FUNDS

The College has the following endowment funds:

	2023	2022
Ontario Student Opportunity Trust Fund Phase 1	\$ 624,746	\$ 624,746
Ontario Student Opportunity Trust Fund Phase 2	54,024	54,024

Total	\$13,434,865	\$12,015,621

23. ONTARIO STUDENT OPPORTUNITY TRUST FUND (OSOTF) and

ONTARIO TRUST FOR STUDENT SUPPORT (OTSS)

The College has created endowment funds subject to the Guidelines for Ontario Student Opportunity Trust Fund Phase I and Phase II and Guidelines for Ontario Trust for Student Support as issued by the MCU.

OSOTF PHASE I	Endowment Fund	Expendable Funds Available	2023	2022

The market value of the endowment as at March 31, 2023 was \$6,127,263 (2022 - \$5,928,946)					

24. ART COLLECTION HELD

The College, through its Design and Visual Arts programs, has built up a permanent study collection of Canadian and International art. Pieces have been received from guest lecturers in the Artist in Residency program and also through donations. The art is held for public exhibition, education and research.

Funds received through de-accessioning activities are to be used for the direct benefit of the Collection. The art collection at March 31, 2023 is comprised of approximately 4600 pieces with a value as per charitable receipts issued of \$3,926,595 (2022 - \$3,926,595).

25. REPORTING ENTITY PROJECT

The government announced in the 2004 Budget its plans to consolidate the financial information of Colleges in the Province's financial statements starting with its fiscal year ending March 31, 2006.

The Ministry of Colleges and Universities provided funding to the Colleges for eligible expenditures related to this initiative including audit and consulting costs, software costs, training costs and direct staff costs devoted to the project. The funding received for 2023 of \$48,826 (2022 – \$46,459) was spent on salaries and benefits.

26. FINANCIAL INSTRUMENT RISK MANAGEMENT

Credit Risk

Credit risk is the risk of financial loss to the College if a debtor fails to make payments of interest and principal when due. The College is exposed to this risk relating to its cash, debt holdings in its investment portfolio, notes receivable, grants receivable and accounts receivable. The College holds its cash accounts with federally regulated chartered banks who are insured up to \$100,000 (2022 -\$100,000).

The College's investment policy operates within the constraints of the investment guidelines issued by the MCU and puts limits on the bond portfolio including portfolio composition limits, issuer type limits, bond quality limits, aggregate issuer limits, corporate sector limits and general guidelines for geographic exposure. All fixed income portfolios are measured for performance on a quarterly basis and monitored by management on a monthly basis. The guidelines permit the College's funds to be invested in bonds issued by the Government of Canada, a Canadian province or a Canadian municipality having a rating of A or better, or corporate investments have a rating of AAA (R-1) or better.

The maximum exposure to investment credit risk is outlined in Note 5.

26. FINANCIAL INSTRUMENT RISK MANAGEMENT (cont'd)

Accounts receivable and notes receivable are ultimately due from students. Credit risk of accounts receivable is mitigated by financial approval processes before a student is enrolled and the highly diversified nature of the student population. Credit risk of notes receivable is mitigated by the ability of the College to retain out of the Student Administration Fee the Semi-Annual Payment and any other monies due and owing by Student Administrative Council.

The College measures its exposure to credit risk based on how long the amounts have been outstanding. An impairment allowance is set up based on the College's historical experience regarding collections. The amounts outstanding at year end were as follows:

		2023				
		0-120 121-240 241-360				
	Total	Days	Days	Days	Days	
Student Receivables	\$711,844	\$1,171,812	\$84,242	\$(32,502)	\$(511,708)	
Staff						
Trade Balances	6,420,089	6,420,089				
Grants Receivable	3,363,430	3,363,430				
Net receivables	\$10,495,363	\$10,955,331	\$84,242	\$(32,502)	\$(511,708)	

		2022				
		0-120 121-240 241-360 3				
	Total	Days	Days	Days	Days	
Student Receivables	\$11,080,199	\$1,232,837	\$159,886	\$(20,189)	\$(292,335)	
Staff						
Trade Balances	3,065,877	3,065,877				
Grants Receivable	3,013,324	3,013,324				
Net receivables	\$7,159,400	\$7,312,038	\$159,886	\$(20,189)	\$(292,335)	

Student receivables not impaired are collectible based on the College's assessment and past experience regarding collection rates.

Grants receivable are due from the Ontario Government. Georgian College mitigates credit risk by ensuring that all grants are entered into by way of a contract.

26. FINANCIAL INSTRUMENT RISK MANAGEMENT (cont'd)

Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate as a result of market factors. Market factors include three types of risk: currency risk, interest rate risk and equity risk.

The College's investment policy operates within the constraints of the investment guidelines issued by MCU. The policy's application is administered by an investment manager and monitored by management, an independent investment consultant and the Finance and Audit Committee. The Georgian College Endowment – College Fund's and Special Purposes Fund's risk tolerances are considered moderate. Diversification techniques are utilized and appropriate restrictions are placed on the investment manager in terms of asset mix and individual security concentrations in the portfolio to minimize risk.

Currency Risk

Currency risk relates to the College operating in different currencies and converting non-Canadian earnings at different points in time at different College levels when adverse changes in foreign currency College rates occur. The College does not have any material transactions or financial instruments denominated in foreign currencies.

There have been no significant changes from the previous year in the exposure to risk or policies, procedures and methods used to measure the risk.

Interest Rate Risk

Interest rate risk is the potential for financial loss caused by fluctuations in fair value or future cash flows of financial instruments because of changes in market interest rates.

The College is exposed to this risk through its interest bearing investments, bank loans, and term debt.

The College mitigates interest rate risk on its term debt through a derivative financial instrument that exchanges the variable rate inherent in the term debt for a fixed rate (see Note 15 B). Therefore, fluctuations in market interest rates would not impact future cash flows and operations relating to the term debt.

The College's Investment Grade bond portfolio, (90.5% of the total bond portfolio) has interest rates ranging from 2.9%-7.3% (2022 - 0.6%-5.5%) with maturities ranging from April 15, 2023 to June 3, 2065 (June 1, 2022 to June 3, 2065). The College's Sub-Investment Grade bond portfolio (high yield and 9.5% of the total bond portfolio) has interest rates ranging from 6.1%-23.7% (2022 - 0.55%-5.51%) with maturities ranging from February 15, 2025 February 1,2032.

26. FINANCIAL INSTRUMENT RISK MANAGEMENT (cont'd)

At March 31, 2023 a 1% fluctuation in interest rates, with all other variables held constant, would have an estimated impact on the fair value of bonds in the College and Special Purpose funds of \$145,900 and \$381,120 respectively, and an impact of \$231,476 on the interest rate swap. The College's term debt as described in Note 15 A would not be impacted as the inherent variable rate of the debt has been fixed with the use of the aforementioned derivative interest rate swap.

Equity Risk

Equity risk is the uncertainty associated with the valuation of assets arising from changes in equity markets. The College is exposed to this risk through its equity holdings within its investment portfolio. At March 31, 2023, a 10% movement in the stock markets with all other variables held constant would have an estimated effect on the fair values of the College's equities of \$861,222.

There have been no significant changes from the previous year in the exposure to risk or policies, procedures and methods used to measure the risk.

Liquidity Risk

Liquidity risk is the risk that the College will not be able to meet all cash outflow obligations as they come due. The College mitigates this risk by monitoring cash activities and expected outflows through extensive budgeting analysis. The following table sets out the contractual maturities (representing undiscounted contractual cash-flows of financial liabilities excluding interest):

	2023				
	Within 6	6 months			
	months	to 1 year	1-5 years	>5 years	
Accounts and grants payable and accrued	\$19,192,666	\$	\$	\$	
liabilities					
Operating Leases	595,967	543,930	1,435,350		
Current and Long-term debt	735,000	1,011,000	7,322,000	264,000	
Total Liabilities	\$20,523,633	\$1,554,930	\$8,757,350	\$264,000	

26. FINANCIAL INSTRUMENT RISK MANAGEMENT (cont'd)

	2022				
	Within 6 months	6 months to 1 year	1-5 years	>5 years	
Accounts and grants payable and accrued liabilities	\$19,887,460	\$	\$	\$	
Operating Leases	507,950	453,069	1,352,606		
Current and Long-term debt	689,000	963,000	7,612,000	1,720,000	
Total Liabilities	\$21,084,410	\$1,416,069	\$8,964,606	\$1,720,000	

Financial liabilities mature as described in Note 15.

There have been no significant changes from the previous year in the exposure to risk or policies, procedures and methods used to measure the risk.

27. PUBLIC COLLEGE PRIVATE PARTNERSHIP

The College has entered into a ten year agreement with a public college private partner effective as of November 30, 2020 to deliver programming as stipulated within the agreement. In the consolidated statement of operations, the related revenues are included in tuition revenue and the related expenses paid to the private partner have been reflected within services.

28. CONTINGENT LIABILITY

Effective June 2019, the Province of Ontario enacted Bill 124 "Protecting a Sustainable Public Sector for future Generations Act, 2019". This legislation limited compensation increases to 1.0% per year for a three-year moderation period for both unionized and non-unionized employees in the Ontario public sector. The starting dates of the moderation period varied across entities and employee groups. On November 29, 2022, the Ontario Superior Court of Justice struck down Bill 124, finding it unconstitutional and declaring it to be "void and of no effect". On December 29, 2022, the Ontario government filed a Notice of Appeal with the Ontario Court of Appeal. The impact, if any, to the organization as a result of the Ontario Superior Court decision is not determinable at this time. As such, no provision has been made in the financial statements

29. ADOPTION OF ACCOUNTING STANDARD

The consolidated financial statements for the prior period have been restated to account for the College adopting the new Public Sector Accounting Handbook Standard, PS 3280, Asset Retirement Obligations. The standard required the College to identify items that were within the scope of Section PS 3280, determine if it meets the recognition criteria, and for each item that meets the recognition, determine an appropriate estimate of the asset retirement obligation.

This change in accounting policy has been applied using the modified retroactive method with restatement of prior periods. The impact of the adoption of this standard on the comparative balance sheet figures for the year ended March 31, 2022 was as follows:

Asset/Liability Impact:

Increase in net book value, buildings:	\$1,714,407
Increase in asset retirement obligations:	(3,096,049)

Net Assets Impact:

Decrease in investment in capital assets: 1,381,642

30. COMPARATIVE FIGURES

Certain comparative figures have been reclassified to conform with the method of presentation adopted for the current year.
