This is a mandatory form for all applicants to the Bachelor of Science in Nursing (BScN) collaborative degree program.

If you have attended (or are attending) Georgian College, you must also complete this form. You do not have to request a Georgian College transcript.

This form must be submitted within two weeks of receipt. Supporting documentation and official transcripts must follow as soon as possible. Admission will not be granted until all documentation is received.

Students must fully disclose all post-secondary education (college and/or university) in Canada or internationally.

Whether you graduated, just took a few courses, or are currently enrolled at a college or university it is very important that we receive official transcripts from each institution. You must disclose studies that you passed and failed. It is a matter of academic dishonesty to not disclose all institutions attended.

Withholding information can result in offers being rescinded or students being withdrawn from the program. Students cannot declare previous education after they are admitted and retroactive *transfer credit* requests will not be considered.

Transfer credits are credits toward your program that you can receive for academic work that you have done at another school, or life experiences that are relevant to the program. If the courses/experiences are similar to work you need to do for your program at Georgian, you may end up saving time and money by not having to re-take courses.

If educated at a college or university in Ontario, you **MUST** request these through the online transcript application service through your application at ontariocolleges.ca.
