GENERAL CARPENTER (403A) APPRENTICESHIP

Earn while you learn as an apprentice.

Benefit from the experience and expertise of Red Seal-certified instructors who have worked in this field. Apprenticeships are workplace-based training programs.

The Georgian College Muskoka Campus offers the in-school portion of training for final certification for existing general carpenter apprentices.

STEP ONE | Find an employer who will agree to hire/train you.

STEP TWO | Together with your employer, you'll meet with a Ministry of Colleges and Universities (MCU) training consultant who determines if the agreed-upon training will meet all apprenticeship requirements.

Working with your employer, sponsor and MCU, you'll complete on-the-job training and in-school training at Georgian; MCU determines when you'll attend the in-school portion of training.
